*Bangalore dated,...*25th Feb.*.....192*7

Dear Sir,

I beg to invite your kind attention to my letter No: 2721, dated 22nd instant, requesting that an approved form of voting paper for the ensuing elections may be kindly sent to the Press for commencing the printing of the voting papers without any loss of time. As the form has not been received yet and as the time of elections is fast approaching, I am getting anxious as to how I shall be able to print over 2½ lakhs of voting papers and bind them into books and despatch them to districts to be in time. As a number of books have to be despatched by the Deputy Commissioners to remote taluks, they want the books to be sent to them by the 1st March whereas I have not even commenced the printing until today. I therefore request you to send me the approved voting paper at least today without fail.

None of the Deputy Commissioners have sent me a list showing the number of candidates who have to be elected for each constituency and this information has to be embodied

Comply today only.

in the voting paper. I have written to them to send a list. But if one could be prepared in your office and sent to me today, it will be useful to commence the printing of the papers straight away : Otherwise, I shall have to wait for this information which means further delay.

This delay and want of information will put great strain on the Press in the few days that are available for printing the voting papers. I shall therefore thank you to kindly see that my request is complied with, without further loss of time as every minute is precious, seeing that an enormous quantity of voting papers have to be printed and bound and sent in the course of only a week from today.

Yours sincerely,

Sir,

I have the honour to state that in the set of instructions noted on the voting papers in respect of the ensuing elections for the Representative Asembly and Legislative Council, the voters are required to strike off the names of candidates for whom they do not wish to vote. It is represented by the several candidates that especially in this city where there are as many as 20 candidates for the Representative Assembly and 8 for the Legislative Council, it will take a lot of time for each voter to score out 16 names in the former and 7 in the latter. It is suggested that instead of scoring out the names of the candidates for whom the voters do not wish to vote, a mere tick(✓) against the names or symbols of the candidates for whom they wish to vote may be adopted. Immediate orders are solicited in the matter.
